

Jehanni Halvarsson

FUTURE IT SECURITY SPECIALIST

Profile

Aspiring Cybersecurity Specialist with a background in education. I possess a strong ability to solve problems and identify risks while communicating complex information in an accessible way. These are skills I now apply toward the cybersecurity field. My studies at TUC Vocational College along with Cisco certifications in Networking Basics and Endpoint Security complement my leadership experience and my ability to create structured and secure environments. I am driven and thorough and ready to contribute to effective security operations through clear communication and a systematic approach.

Education

Higher Vocational Diploma in Cybersecurity, TUC Yrkeshögskola, Stockholm

JAN 2025 – DEC 2027

Bachelor of Education in Early Childhood Education, Stockholms universitet, Stockholm

JAN 2018 – DEC 2021

Professional Experience

Early Childhood Educator, TP FÖRSKOLOR AB, Täby

AUG 2021 – PRESENT

As an Early Childhood Educator I focused on creating safe and educational environments for learning and development. During my two years as a Team Lead I was also responsible for leadership and coordination and managed systematic quality work to develop operational processes and conditions. In my leadership I took great responsibility for ensuring that the work followed established goals and requirements.

Substitute Teacher, TP FÖRSKOLOR AB, Täby

SEPT 2016 – JUL 2021

The role involved significant responsibility for quickly adapting to various operations and following their specific routines and safety regulations. The work required a high level of flexibility and strong communication skills to ensure continuity and security when collaborating with diverse teams. I developed a strong ability to act professionally in environments with high tempo and clear regulations.

Certifications

Networking Basics

SEPT 2025

Endpoint Security

JAN 2026

Networking Devices and Initial Configuration

NOV 2025
